

M600

PIPER M600 ULTIMATE CARE PROGRAM

CONFIDENCE RIGHT FROM THE START

The Piper M600 is designed to deliver a powerful, first-class ownership experience. To uphold that experience, the team at Piper Aircraft, its Authorized Dealers and Service Providers have created a worry free maintenance program. With the **M600 Ultimate Care Program** you can feel confident knowing you're maintaining your aircraft to the highest level and the lowest costs.

Take delivery of a new M600 before March 31, 2018 and enjoy complimentary enrollment in Piper's Ultimate Care Program.* This new program provides scheduled maintenance coverage, including aircraft inspections for the first five years or 1,500 hours of operation, whichever occurs first. The program is designed to complement your Piper M600 warranty, ensuring trouble-free operation of your new aircraft. This exclusive program follows the

latest maintenance recommendations from Piper for all aircraft systems and equipment as detailed in Piper's factory approved maintenance manual.

For more information, connect with one of our dealer partners: 772.299.2403 or visit us at Piper.com

**This Ultimate Care Program is limited to 2018 purchases of select new M600 aircraft. An approved Piper Service Center must perform the maintenance. See Dealer for details.*
