

# POWER & PERFORMANCE

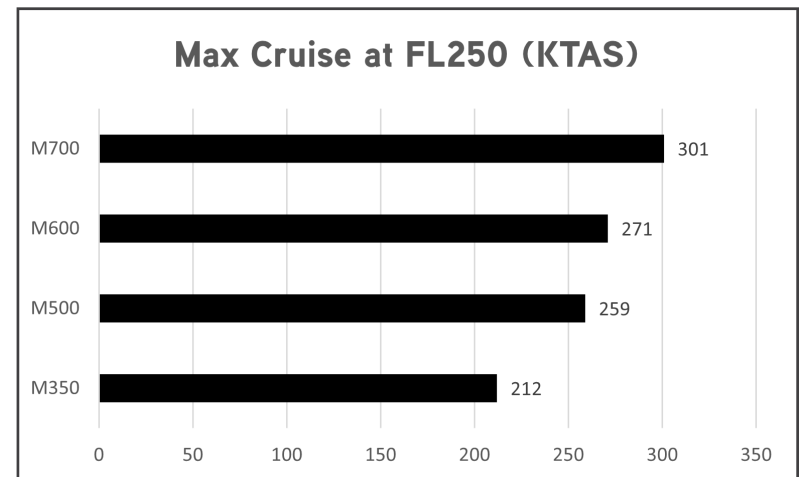

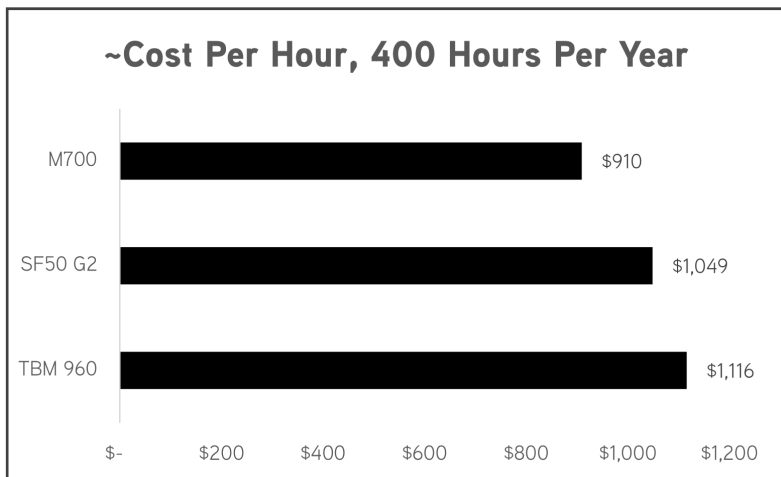

With shorter takeoff and landing distances, the M700 Fury gives you versatility when planning your final destination.

The M700 will take you non-stop from New York to West Palm, giving you 40% more range than the competition\*.

\*Max cruise, winter winds, 4 adults, 100lbs luggage, 45 mins fuel reserve, max gross weight.

The M700 Fury is up to 20% less expensive to operate per hour than competitors\* and 11% faster than any M-Class before, with a maximum cruise speed of 301 ktas.

\*Source: Based on 400 hours per year, JSSI Conklin & De Decker.
